

Learner Notification

Association for the Advancement of Wound Care
2022 Annual Meeting
November 10 - 12, 2022
Salt Lake City, Utah

Acknowledgement of Financial Commercial Support

No financial commercial support was received for this educational activity.

Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Association for the Advancement of Wound Care. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians (ACCME) Credit Designation Statement

Amedco LLC designates this live activity for a maximum of 21.25 *AMA PRA Category 1 Credits™* for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses (ANCC) Credit Designation Statement

Amedco LLC designates this activity for a maximum of 21.25 ANCC contact hours.

Objectives - After Attending This Program You Should Be Able To

1. Learn what new technologies are available to treat wounds
2. Learn how to identify risk factors for chronic wounds are age > 65, diabetes, obesity, cardiovascular disease vascular insufficiency, venous hypertension, and impaired mobility.
3. Learn about the impact of chronic disease risk factors and their connection to social determinants of health through processes including the biochemical response to stress and epigenetic changes.
